muhdlubegasiraje@gmail.com • (+60) 182401703 • <https://lubega.pages.dev>

PROFILE

Full-stack Web Developer with hands-on experience designing, building, and optimizing dynamic web applications. Skilled in both front-end and back-end technologies including React, TypeScript, Node.js, SQL, and Docker. Passionate about crafting high-quality, scalable, and interactive digital experiences that balance innovation, usability, and performance. Recognized for strong problem-solving skills, cross-functional collaboration, and continuous learning in modern web ecosystems.

WORK EXPERIENCE

Deriv

Frontend Developer

August 2023 – Present

- Maintained and enhanced cashier and payment systems for global web applications built with React and TypeScript.
- Collaborated with backend, design, and QA teams across multiple regions to develop features and improve architecture in a large-scale monorepo environment.
- Increased unit test coverage to over 80% using Jest and supported Cypress.io E2E automation.
- Optimized wallet package performance, reducing bundle load size by 74% for faster, more efficient delivery.
- Implemented i18n and RTL support for 21 languages, significantly improving accessibility and user reach.
- Contributed to the company's low-code platform redesign using Outsystems, improving maintainability and feature rollout speed.
- 3× Stars of the Month awardee for consistently high delivery quality and measurable performance improvements.

Mindhive Asia Sdn Bhd

Frontend Full Stack Developer (Freelance)

August 2024 – June 2025

- Led front-end development for AI-driven solutions in Next.js and React, including document processing and accounts payable/receivable automation.
- Partnered closely with backend engineers (Node.js, SQL) and designers to implement and integrate REST APIs, authentication, and data management.
- Delivered 4 full projects for ZUS Coffee and contributed to 2 ongoing enterprise projects, earning positive client feedback for quality and timeliness.
- Implemented reusable UI libraries and modular code structures to improve maintainability across multiple client projects.

Deriv

BeSquare Graduate Trainee Programme

March – July 2023

- Gained comprehensive exposure to frontend, mobile, backend, QA, and UI/UX design modules. Worked collaboratively on multidisciplinary teams to deliver functional full-stack prototypes.
- Winner of the Mobile Development Hackathon and Product Design Competition; Runner-up in Frontend Hackathon.

Canzler GmbH

Internship and Working Student

September 2020 – March 2021

- Worked in technical building automation (heating, cooling, ventilation and sanitation technology) and energy systems using Trimble Nova and AutoCAD.
- Strengthened analytical and engineering problem-solving abilities through cross-disciplinary collaboration.

EDUCATION

Hochschule Zittau/Görlitz

Bachelor of Science in Mechanical Engineering (Bachelorabschluss in Energietechnik)

October 2018 - April 2022

- Note 2,1 (Equivalent to US GPA of 3.3)
- Major in Energy Technology

CERTIFICATES & PROJECTS

Mozilla Developer Network

Javascript Foundations Professional Certificate

June 2024

- Completed with 98% assessment score; focused on ES6+, async programming, and DOM APIs.

Harvard edX

CS50's Introduction to Computer Science

July – December 2022

- Learned computer science fundamentals through C, Python, SQL, and JavaScript/React.

SKILLS

Technical Skills

- **Frontend:** React, Next.js, TypeScript, JavaScript, HTML5, CSS3, SASS, TailwindCSS, Shadcn, Outsystems
- **Backend:** Node.js, SQL, Redis, Docker, Firebase, Supabase, Introductory PHP & MySQL knowledge
- **Mobile:** React Native, Flutter (Dart), Bloc/Cubit architecture
- **Testing:** Jest, Cypress.io, Testim (unit & E2E testing)
- **Version Control / Systems:** Git, Linux, Ubuntu, CI/CD basics
- **Cloud & Deployment:** Intro to GCP & AWS, Docker containers
- **Languages:** English & Malay (Native), German (C1 TELC Hochschule)

Soft Skills

- Fast learner with excellent critical thinking and analytical skills.
- Strong interpersonal and cross-functional collaboration abilities.
- Creative, detail-oriented, and proactive in continuous improvement.
- Able to work independently and deliver under tight deadlines.
